Description of the project

Mobile e.V. is a NGO, who commits itself for the company, the support and the care of handicapped, elderly and ill people. The Aim of the organization is the stabilization and improvement of the live quality for these people. The organization has to offers for elderly people, in which volunteers of ijgd can work:

The day care house: This institution enables seniors to spend the day with other people and to get on this way support in the copying of daily routine. They can stay in the familiar environment, because they return home on weekends and evenings.

Shared House: 10 people who suffer of dementia live together in one house. There they get assistance and care.

How does the voluntary work look like?

You will accompany the guests or the inhabitants in their daily life. Your tasks will resolve from the live in the group and your own potential in the communication with the people. You will help in the housekeeping (do the dishes, makes the laundry, prepare meals and make the cleaning). You will help in the care. (for ex. in the personal care and dressing the people). Above that you will spend time with the inhabitants (singing, going on walk, handicraft work)

Housing and Meals

For the food you will get monthly allowance about ca. 250 €. During working time it is possible to eat in the project. In free time you have to take care of yourself. Different supermarkets or bakeries are in the surrounding.

The apartment is in the near of the project. It is a residential home for students. Apartment and project are in the near of the railway station Steinfurt Burgsteinfurt..
